10 EASY STEPS TO A COMPLETE MAKEOVER

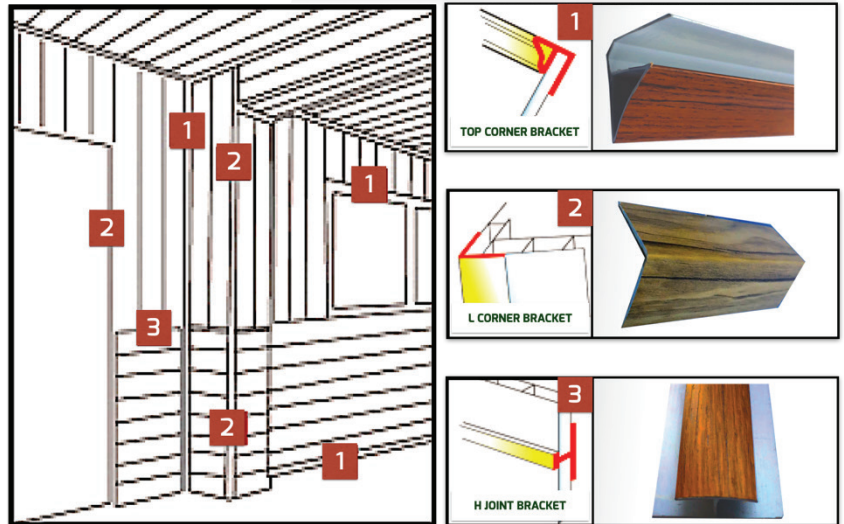

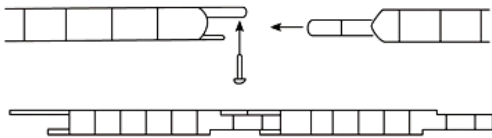

- STEP 1** Secure a corner support rail with nails, stapler guns, screws, liquid nails, etc so that it is securely fastened
- STEP 2** Fasten the top and bottom support rails
- STEP 3** Cut the Deco panels to size using a handsaw, electric saw or sharp blade
- STEP 4** Slide the Deco panel in at the top support rail and ease it into the bottom support rail.
- STEP 5** Make sure the first Deco panel is attached securely to the corner
- STEP 6** Take the next Deco panel and repeat Step 4
- STEP 7** Slide the Deco panel to the previous panel making sure the tongue locks securely with the groove.
- STEP 8** Repeat Step 6 and Step 7 until you reach the end
- STEP 9** If required, cut off any access to fit.
- STEP 10** Install a support rail to complete the installation.

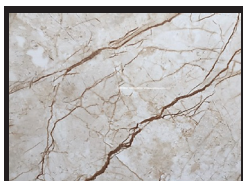

THE APPLICATION OF DECO PANEL ACCESSORIES

FIXING DECO PANELS

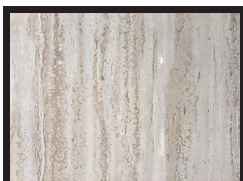

Using special self-tapping stainless steel screws to install, the wood main keel and vice keel must be kept in the same plane, based on the reasonable interval of width

DECO UV MARBLE INTERIOR WALL PANELS
